CLOs: An Expanding Platform

April 2013

Industry participants are predicting that new CLO issuance in 2013 will reach $65 billion to $75 billion and, in fact, issuance so far in 2013 is on a pace that would exceed that amount. 2013 will also see an expansion of the CLO market into new asset classes and new markets, and a return of the European CLO. However, there continue to be regulatory and market challenges for CLOs. In this chapter, published in the 2013 edition of *The International Comparative Legal Guide to: Securitisation*, SRZ partners Craig Stein and Paul N. Watterson, Jr. discuss the growth in the CLO market.

The International Comparative Legal Guide to: Securitisation is published by Global Legal Group Ltd, London.
