Private Funds — Market Trends Report

May 13, 2020

In March 2020, we described a range of fundraising alternatives and practicalities for consideration by private fund managers seeking to raise new capital amid the COVID-19 dislocation.[1] Since then, we have worked with a number of clients to assess and pursue fundraising initiatives. Unfortunately, the pandemic is not yet over, but its effects and the response of certain categories of managers and investors are becoming better understood. With this in mind, we now refresh our earlier note with our views on the fundraising outlook and developing market trends.
