Schulte Sponsors 2017 Law Firm Diversity Survey Distributed by Vault and MCCA

October 2017

As part of our ongoing commitment to diversity and inclusion, Schulte is proud to sponsor the 2017 Law Firm Diversity Database, a compilation of responses to the annual Law Firm Diversity Survey. The survey is published by Vault and the Minority Corporate Counsel Association (MCCA), a leading advocate for the expanded hiring, retention and promotion of minority attorneys. The database provides statistics and benchmarking information about the diversity programs at more than 300 participating law firms nationwide. With widespread support from the nation's leading law firms and corporate counsel, the Vault/MCCA Survey has become the industry standard for tracking law firm efforts to increase diversity within the profession.
